

Let me

Strophe 1:

He's the mister nice guy
much too ordinary to change something
tries to follow what the bible says
but how often does he fail?
How often does he fail?

Sometimes he's not able to pray
sometimes not able to give away
whether money nor a helping hand
isn't he missing god's aim?
Just missing god's aim?

Strophe 2:

He's on top of the world
blessed with all gifts on earth
he reads the bible and prays everyday
sets such a good example
such a good example

on his way to change the world
so frustrating it is to see
he shows the only way to god
but these people just don't open their heart
just don't open their hear

Refrain:

Don't you know that: it is you I'm talking to
no matter where you are, no matter what you do
just let me work through you

Strophe 3:

Creator, king, saviour, peacemaker
alpha & omega, hope & feartaker
the only way, truth and life I see
why should he use me?

We're giver and receiver of his grace
but only can give who has received
we're the salt and the light of the world
but only can shine who has been lighted
who has been lighted
